\*Products are subject to approval and approval must be obtained for any added products after initial registration

**Please check one**

Water supply is a  (public/municipal supply)  (private well)\*

\*For private wells, attach a copy of the most recent acceptable water analysis (no more than three months old)\*

Product labels are required to contain the following information: common/usual name of the product, ingredient list in predominance by weight, net quantity of contents, and processor name and full address.

I understand that my product labels must comply with the listed requirements. \_\_\_\_\_ (initial)

By signing this form, I acknowledge that I have read and understand the provisions of the 20C Exempt Home Processing registration (<https://agriculture.ny.gov/food-safety/home-processing>). I agree to these provisions and limitations of the exemption particularly as it concerns products that may be produced. I further understand that violations of this agreement will result in revocation of my home processing registration and I may be subject to civil penalties.
